Professional Summary: Versatile, solution-oriented Software Engineering and Management student with hands-on experience in full-stack development, AI integration, cloud technologies, automation, data analysis, and business operations. Skilled at solving complex problems, leveraging data and emerging technologies to build practical solutions, collaborating across teams, and translating business needs into impactful technical results.

EXPERIENCE

Program Delivery Intern — Elexicon Energy

Aug 2026 – Present

55 Taunton Rd E, Ajax, ON L1T 3V3

- Manage capital and maintenance construction projects by tracking budgets, schedules, progress, and documentation; prepare status reports, monitor KPIs, and support annual capital planning.
- Automate recurring reporting and data workflows using Power BI, Power Query, VBA macros, and Microsoft Visio, reducing manual effort & human error in project status updates by 41%.
- Collaborate with engineering and construction teams to standardize workflows and improve data accuracy across project documentation.

Freelance Web Developer — Askari Rabbit Farms

July 2026

HTML, CSS, JavaScript, REST APIs [Live Site](#)

- Designed and developed a fully responsive, multilingual marketing website with custom RTL support and automated translation, reaching 10,000+ users in its first month and increasing traffic by 40%.
- Integrated REST APIs for real-time currency conversion, added a serverless contact form, and deployed the site as a production-ready static build.

STEM Program Instructor — Ontario Tech University

Aug 2022

Engineering Outreach · Oshawa, ON

- Facilitated STEM programs for diverse youth groups, reaching 150+ participants within one month while promoting teamwork, engagement, and safety.
- Supervised participants, resolved conflicts, and supported the planning and delivery of educational activities.

TECHNICAL PROJECTS

Eunoia — AI Journaling Platform

Dec 2025 – Feb 2026

Next.js, React, Tailwind CSS, Google Gemini AI [Live!](#)

- Built an AI-powered journaling platform using Next.js and Google Gemini, integrating three core AI capabilities to analyze emotions, generate personalized reflections, and track mood trends.
- Implemented voice-enabled journaling and four interactive features behind a responsive Tailwind CSS interface, then deployed the application publicly.

ResumeTruth AI — Resume Analysis Platform

Feb 2026

Next.js, TypeScript, Tailwind CSS, Groq API, pdf-lib [Live!](#)

- Developed an AI resume analysis platform that processes 20+ resumes daily, compares them against job descriptions, identifies skill gaps, and improves hiring match scores by 30%.
- Added AI-powered resume rewrites, cover letter generation, annotated reviews, and PDF processing, then deployed the application publicly.

SpeciSnap — Species Identification PWA

Feb 2026

React, Tailwind CSS, Python, FastAPI, Gemini Vision AI [Live!](#)

- Developed a Progressive Web App that identifies plants and animals from images using Google Gemini Vision AI, achieving 90% species-recognition accuracy.
- Integrated FastAPI, confidence scoring, and Wikipedia enrichment to deliver detailed species information, then deployed publicly.

Nebula Plan — Event Management Platform

Sep 2024 – Dec 2024

React, Node.js, MySQL

- Built a full-stack platform for managing event planning, budgeting, venues, and schedules using React, Node.js, and MySQL.
- Developed RESTful APIs that enabled real-time updates for event and financial management.

EDUCATION

Ontario Tech University

Bachelor of Engineering (Honours),
Software Engineering and Management
Sep 2022 – Apr 2028

TECHNICAL SKILLS

Programming Languages

Python Java C++ JavaScript

TypeScript HTML CSS SQL Bash

Frameworks & Libraries

React Next.js Node.js FastAPI

Tailwind CSS Three.js Gemini AI

Gemini Vision AI

Tools, Database & Cloud

Git GitHub Power BI VBA Macros

Power Query MySQL PostgreSQL

REST APIs Visual Studio Excel Tools

Microsoft Office Suite

SOFT SKILLS

Analytical Thinking Problem Solving

Attention to Detail Organization

Fast Adaptability

Leadership Communication

Cross-Functional Collaboration

Time Management

LANGUAGES

English Urdu Hindi
